Titulados. John Swinglehurst gentle., William Corton gentle.

The term 'Titulado', which appears through these returns, refers to the principal person or persons of standing in any locality ; such a person could have been of either sex, a nobleman, baronet, gentleman, esquire, military officer, or adventurer. A Titulado may have been a land-owner, but did not necessarily own land.

[David: Re "Brockhall": put BB6 8AY into Google Earth and it will take you to Brockhall Village, which has been re-developed in recent years and is now mainly the extensive and top-of-the-range training facility for Blackburn Rovers. Previously it was Langho/OldLangho, an ancient village and township, which had a major asylum for the mentally challenged (and known as Langho Colony, on the south side of the A59) and I believe a presence for indigents long before the 1830s Poor Law Acts. This area is about 4 miles from Samlesbury and could easily have been the birth place of an individual subsequently baptised in Preston]
